# PADDY WAGON®

the ORIGINAL and still the BEST!

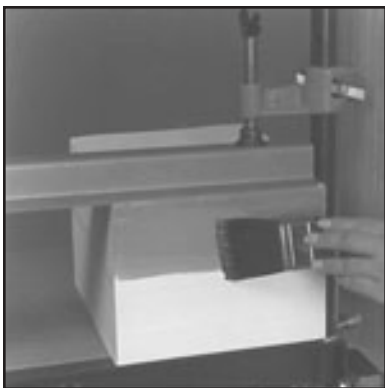

Turn your padding operation from messy inconvenience to high-capacity profit center with simple 1-2-3 operation

**1-Tilt & Load**

**2-Clamp**

**3-Tilt & Pad**

## Features

- ◆ Easy 1-2-3 Operation
- ◆ High-capacity
- ◆ Portable – Heavy-duty Casters
- ◆ Welded Tubular Steel Construction

## Clean & Portable

Put away your bricks, blocks and boards. The **original patented Challenge Paddy Wagon design** eliminates the mess associated with pad production. Integral shelves store all your padding equipment and double as a spill apron to catch excess padding compound. Table edge and clamping bar are designed to reduce compound buildup. Excess compound is easily removed with your padding knife.

Large capacity casters allow you to roll the Paddy Wagon to the cutter, folder or wherever the action is. When finished, simply roll aside to dry or until needed for your next padding job.

## Simple Operation

Ease of operation turns padding service into a value added profit center.

## 1- Tilt & Load

With the double doors locked, tilt the Paddy Wagon back. The 30° table slant allows gravity to do all the work of aligning stock and keeping it square. Load up to 15,000 8½"x 11" sheets of 20# bond — even more with smaller sheets.

## 2- Clamp

After loading is complete, aligned stacks are clamped in just seconds. Place the clamping bar on top of your paper, slide the self-locking, quick-release clamps down to the bar and tighten the screws.

## 3- Tilt & Pad

Tilt the Paddy Wagon back to the upright position, lift the doors to unlock and swing them open for complete access to your padding surface.

## Products Working for You

The Paddy Wagon is just one in the line of Challenge products engineered to make your job easier.

## Specifications

### PADDING

Maximum Lift Width	23 ½" / 60 cm
Maximum Lift Height	31" / 79 cm
Lift Depth	3" to 17"+ / 8 to 43+ cm
Sample Capacity	15,000 8½"x 11" 20# bond / 15,000 A4 75g/m²

### DIMENSIONS

Pass-Thru Door Size	32" / 80 cm
Overall Base Area	30"x30" / 76 x 76 cm
Overall Height	66½" / 170 cm
Net Weight (approximate)	100 lbs / 45 kg
Shipping Weight (approximate)	120 lbs / 55 kg
